Education

Northeastern University

PhD in Computer Sciences (Specializing in Machine Learning and Network Science) - CGPA 3.98/4

Boston, MA, U.S.

Sep. 2021 - Present

Visvesvaraya Technological University

Bachelor of Engineering in Computer Sciences - CGPA 8.16/10

Bangalore, Karnataka, India

Aug. 2015 - Jun. 2019

Work Experience

Akamai Technologies

Performance Engineer II - Global Performance And Operations

Bangalore, India

Jul. 2019 - Jul. 2021

- Optimized platform performance metrics, including throughput, content offload, and latency, leading to enhanced overall system efficiency.
- Designed and implemented systems for efficient data mining and visualization from raw log data, providing actionable insights and improved decision-making.
- Scaled and prepared the Akamai platform for critical events, such as the IPL cricket league and Apple WWDC keynote, successfully handling up to 10 Tbps of traffic in a single country.
- Mentored and guided two interns through the development of their projects and presentations, ensuring successful completion.

Akamai Technologies

Intern - Platform & Delivery

Bangalore, India

Jan. 2019 - May 2019

- Developed an efficient system for root cause analysis by performing correlation across multiple streams of time series data, improving the accuracy and speed of issue identification.
- Developed tools to visualize network traffic demand across the Akamai network at various levels of granularity, including by country or specific server sets, improving capacity planning and resource allocation.

Certifications

Reinforcement Learning Specialization

University of Alberta AMII

Coursera

Apr. 2020

- Courses - Fundamentals of Reinforcement Learning | Sample based Learning Methods | Prediction and Control with Function | A Complete Reinforcement Learning System (Capstone)

Deep Learning Specialization

deeplearning.ai

Coursera

Apr. 2018

- Courses - Neural Networks And Deep Learning | Improving Deep Neural Networks : Hyper-parameter Tuning, Regularization and Optimization | Structuring Machine Learning | Convolutional Neural Networks | Sequence Models
