

# Zohair Shafi

✉ shafi.z[at] northeastern [dot] edu | 🏠 http://zohairshafi.github.io | 🔗 zohairshafi | in zohairshafi | 📍 Boston, Massachusetts, U.S.

## Education

### Northeastern University

PhD in Computer Sciences (Specializing in Machine Learning and Network Science) - CGPA 3.98/4

Boston, MA, U.S.

Sep. 2021 - Present

### Visvesvaraya Technological University

Bachelor of Engineering in Computer Sciences - CGPA 8.3/10

Bangalore, Karnataka, India

Aug. 2015 - Jun. 2019

## Publications

## Work Experience

### Akamai Technologies

Performance Engineer II - Global Performance And Operations

Bangalore, India

Jul. 2019 - Jul. 2021

- Optimized platform performance metrics, including throughput, content offload, and latency, leading to enhanced overall system efficiency.
- Designed and implemented systems for efficient data mining and visualization from raw log data, providing actionable insights and improved decision-making.
- Scaled and prepared the Akamai platform for critical events, such as the IPL cricket league and Apple WWDC keynote, successfully handling up to 10 Tbps of traffic in a single country.
- Mentored and guided two interns through the development of their projects and presentations, ensuring successful completion.

### Akamai Technologies

Intern - Platform & Delivery

Bangalore, India

Jan. 2019 - May 2019

- Developed an efficient system for root cause analysis by performing correlation across multiple streams of time series data, improving the accuracy and speed of issue identification.
- Developed tools to visualize network traffic demand across the Akamai network at various levels of granularity, including by country or specific server sets, improving capacity planning and resource allocation.

## Certifications

### Reinforcement Learning Specialization

University of Alberta AMII

Coursera

Apr. 2020

- Courses - Fundamentals of Reinforcement Learning | Sample based Learning Methods | Prediction and Control with Function | A Complete Reinforcement Learning System (Capstone)

### Deep Learning Specialization

deeplearning.ai

Coursera

Apr. 2018

- Courses - Neural Networks And Deep Learning | Improving Deep Neural Networks : Hyper-parameter Tuning, Regularization and Optimization | Structuring Machine Learning | Convolutional Neural Networks | Sequence Models
