## Education

### Northeastern University

PhD in Computer Sciences (Specializing in Machine Learning and Network Science) - CGPA 3.98/4

Boston, MA, U.S.

Sep. 2021 - Present

### Visvesvaraya Technological University

Bachelor of Engineering in Computer Sciences - CGPA 8.16/10

Bangalore, Karnataka, India

Aug. 2015 - Jun. 2019

## Publications

- [1] Gupta, S., Biggs, S., Laber, M., **Shafi, Z.**, Walters, R., Paul, A. 2026. **DeepWeightFlow: Re-Basined Flow Matching for Generating Neural Network Weights**. arXiv preprint arXiv:2601.05052 [\[Link\]](#)

## Work Experience

### Northeastern University

Instructor of Record

Boston, MA, U.S.

Jan. 2026 - May. 2026

### Fidelity Investments

Co-op - Data Scientist - AI Center of Excellence

Boston, MA, U.S.

Jan. 2025 - Jul. 2025

### Akamai Technologies

Performance Engineer II - Global Performance And Operations

Bangalore, Karnataka, India

Jul. 2019 - Jul. 2021

- Optimized platform performance metrics, including throughput, content offload, and latency, leading to enhanced system efficiency.
- Designed & implemented systems for efficient data mining from raw server logs, providing actionable insights and improved decision-making.
- Scaled and prepared the Akamai platform for critical events, such as the IPL cricket league and Apple WWDC keynote, successfully handling up to 10 Tbps of traffic in a single country.
- Mentored and guided two interns through the development of their projects and presentations, ensuring successful completion.

### Akamai Technologies

Intern - Platform & Delivery

Bangalore, Karnataka, India

Jan. 2019 - May 2019

- Developed an efficient system for root cause analysis by performing correlation across multiple streams of time series data, improving the accuracy and speed of issue identification. [11]
- Developed tools to visualize network traffic demand across the Akamai network at various levels of granularity, including by country or specific server sets, improving capacity planning and resource allocation.
